

Schizophrenia International Research Society **Why Join?**

The mission of the Schizophrenia International Research Society (SIRS) is to bring researchers from across the world in schizophrenia and other related disorders to:

- Exchange the latest advances in research and facilitate the applications and these findings to clinical practice.
- Facilitate communication and collaboration in research.
- Promote educational programs to effectively disseminate new research findings related to schizophrenia, both in the scientific community and to the lay public.
- Encourage publication of research.
- Increase the public understanding of the personal, familial and societal impact of schizophrenia.
- Support increased research funding for schizophrenia research around the world.
- Promote the highest scientific and ethical standards in research and its application in clinical psychiatric practice.

Your membership in the Schizophrenia Research Society affords you:

- Electronic subscription for *Schizophrenia Bulletin* and *Schizophrenia Research*
- Reduced Registration Fees for Society Sponsored Congresses

Upcoming Meetings include:

*Schizophrenia International Research Society Conference – April 10-15, 2010, Florence, Italy

- Committee Membership Opportunities
- Quarterly Newsletters

Membership in SIRS is limited to those who have a professional interest in research relevant to schizophrenia. Student/Trainee memberships are available for individuals at any level of training. Please complete the attached membership application and return it to the below address. A Curriculum Vitae is required with the membership application. If applying for student membership, a letter from a mentor verifying student status or other documentation is needed.
